# Kasson-Mantorville High School Additions & Radical Renovations

The District selected ATS&R to lead a long-term planning process to address immediate needs and plan for the future. A bond \$39.8 million bond referendum passed for major additions and renovations to the high school, middle school, and elementary school. Work at the High/Middle School for 600 students includes a new auditorium, learning/dining commons with new kitchen, large group learning areas, new media center addition, spectator bleacher expansion at the gyms, and major alterations to classrooms and labs totaling 66,000 square feet (additions) and 58,000 square feet (radical renovations). Renovation site work to the athletic field area was incorporated into the project as well. The project at the elementary school includes a new kindergarten wing and gym station addition totaling 33,355 square feet. The new spaces enhance 'future ready' learning for the Kasson-Mantorville School District students and the community.

# What's New?

## Congratulations on these successful bond referenda!

Anoka-Hennepin Schools	\$249.0M
St. Louis Park Schools	\$100.9M
Hopkins School District	\$30.0M

## New Projects with Brookings School District, S.D.

ATS&R has been selected to provide architectural/engineering services for the District's upcoming projects. The selection committee shared that ATS&R had the strongest sense of true team spirit; ATS&R's focus on students and work philosophy were commendable. The selection committee likes ATS&R's in-house services and K-12 expertise in 'future ready' design. ATS&R is thrilled with this new relationship!

## Debre Selam Medhane Alem Ethiopian Orthodox Tewahedo Church Contract Signing

ATS&R's Peter Lacy and Paul Erickson signed design contracts with Debre Selam Church for the new church that is to be built in southeast Minneapolis.

## Cathedral High School Addition/Renovations

ATS&R is beginning a new addition/renovation project with Cathedral High School in St. Cloud, Minnesota. Chris Schellinger, Executive Director (The Campaign for Cathedral), states, "ATS&R's team was selected due to their clear passion for this project that they demonstrated; as well as their deep experience in education, particularly Catholic schools along with many other private and public schools." ATS&R is excited to begin this new journey!
